### What's new in A Noite Sem Fim:

the brute commercial confidence of the Trojan Horse of reason, the European and the universe that is its being, one sees dark, silent, secluded places. One sees cultures that are not kept alive by the certainty of the power of technology and information or by the promise of the abundance that one finds among the affluent, or by the potential in the super-national democracy of the Empire's system. One sees human beings, not in numbers or in times or in technology or in numbers of squares of feet or in quantities of diplomas or in writing of books or in literature of words or in fire; one sees human beings, in those dark and silent places, kind, admirable, sacrificing. One sees their wonderful faces walking in the dying streets, darkness thickening before their feet; one sees them in the night air, among the buffalos and the crows; one sees their frail bodies childlike and fallen, glorious among the scowls; one sees them in the fumes of death; one sees their faces ghostlike and clear, shifting in the crevices of the night; one sees them in the eyes of the men; one hears them in the songs; one sees them in the names of the cities. They are no plural. They are the singular, in the shadowy corners of the planet, observing the acts of society from which they are excluded. Some speak, some mutter, some sway forward on a faint footfall towards the hour of the morning. Some of these silent, bright-eyed presences have left the lands of the wealthy and the rich for the dark and the bitter lands of the poor. When William Burroughs was preparing for the start of his anti-counterculture, anti-commercial, anti-US trip from New York in 1966, he wrote a series of letters to Playboy editor Ralph Metcalfe. They were surprisingly sympathetic and un-hostile to what he was about to venture upon. Indeed, Burroughs was excessively uncongenial towards the Beats, even though (as he recounts in on reel-to-reel tape, "Tout a propos des Beats") Allen Ginsberg had stayed in the apartment of Gilles Deleuze in Paris during 1965. Burroughs was making preparations for his visit to the Land of the Fantastic and of the Unfavourable Imagination in a period of growing interest in non-Western cultures in the West. The editors of Playboy had surprised the American public and the poetry world by

Train Simulator is the high definition successor to the classic Train Simulator game. It focuses on a flexible and richly detailed open world environment where players become the train driver, but can also take control of any train in the game and drive it across the world. Train Simulator features an extensive network of more than 30 train routes and around 170 accurate models of real-world train locomotives and wagons, European wagons, and 10 authentic freight cars and containers. Players can manage their timetables, route their trains and upgrade their locomotives to improve their performance. Drive a range of modern diesel and electric trains through a diverse selection of country locations with dynamic day/night cycles and weather systems. Train Simulator is the game to drive, to explore and to relax. It's where Railfanning takes place. \* Train Simulator recommends graphic cards with at least 8 gigabytes of VRAM for the best experience. \* Train Simulator is a product of Full Control Ltd. Longmont previously had been an associate member, giving the Broncos full access to NCAA championships. Longmont won its first ECAC national title in women's soccer last season, which made the Broncos a natural choice as it pertains to men's soccer. Article continues below Longmont senior coach Jeff Rolstad said it will be an historic moment for the school when its men's soccer team takes the field for the first time in ECAC play. "It's almost surreal," Rolstad said. "We were not a full member, but we were an associate, and now we are
