In order for you to play the game, you will need to download the game update and install it. The game uses direct x, you will need to download it from the links below. If you are a fan of shooting games and want to play a very challenging game, then this title will surely satisfy your needs. Medal Of Honor: Warfighter uses the same play pattern that we have seen in Call of Duty Black Ops II, the campaign plays similar to Black Ops II as there is a story driven mode that has you play through the story as a playable character. The game also introduces 3 different multiplayer modes that includes free for all(FFA) modes, FFA Team Deathmatch which is a team based mode where the players have to work together to complete the objectives set. While there is also a different mode called Air Assault where the players start the match as an amphibious soldier. Medal of Honor: Warfighter is like no other FPS games, it is not a run and gun shooter. It is a tactical shooter with emphasis on teamwork and utilizing every weapon system in the game. To make the game more realistic, the developers have included a Cold War setting that takes place in the 1980s. Up next Medal of Honor: Global Offensive! c6a93da74d
